

## **CDC OneLab Network Event:** **Biosafety Practices and Reporting Occupational Exposures for Select Agents and Toxins**

### **Presenters**

**Tarsha L. Harris, PhD**, Microbiologist/Form 3 Coordinator, Division of Select Agents and Toxins (DSAT), Office of Readiness and Response (ORR), CDC

**Michael J. Perry MS, MS Ed.**, Associate Director, Biodefense Laboratory, New York State Department of Health (NYS DOH) - Wadsworth Center

### **Join Us!**

Wednesday, May 31, 2023, from 1-2:00 PM ET  
Connect virtually by Zoom or telephone!

**OneLab™ invites you to join us for the upcoming virtual event:**

#### **Biosafety Practices and Reporting Occupational Exposures for Select Agents and Toxins**

This basic-level webinar is designed to help clinical and veterinary laboratory professionals understand how to report select agent and toxin identifications and recognize and report exposure incidents. This webinar will also address biosafety and other considerations when identifying bacterial select agents and toxins using matrix-assisted laser desorption/ionization-time of flight (MALDI-TOF) mass spectrometry (MS).

#### **Each OneLab Network Presentation includes:**

- 10 minutes - OneLab Network Updates and New and Relevant Resources
- 40 minutes - Presentation(s)
- 10 minutes - Q&A

## Objectives

After completing this training, participants will be able to:

- Identify educational and other resources available through the OneLab Network.
- Recognize a release or exposure incident while handling a select agent or toxin.
- Demonstrate how to report a select agent or toxin release or occupational exposure incident.
- Identify biosafety practices to minimize the release or exposure to select agents or toxins while using the MALDI-TOF instrument.

## Registration and Access Requirements

- Please register for this event [cdc.zoomgov.com](https://cdc.zoomgov.com).
- We will be using Zoom for this session. To participate in this network event, you will need a computer/mobile/smart device with internet access and speakers or headphones to hear the audio. To test your system, visit [zoom.us/test](https://zoom.us/test).
- Closed caption information will be available during the webinar.
- If you need assistance with registration, please email [OneLab@cdc.gov](mailto:OneLab@cdc.gov).

## Who Should Attend?

- This basic-level webinar is for clinical and veterinary laboratory professionals.

## What is the Level of Instruction?

- Basic

## CEUs

- The Centers for Disease Control and Prevention, Division of Laboratory Systems is approved as a provider of continuing education programs in the clinical laboratory sciences by the ASCLS P.A.C.E.® Program.
- This course is approved for 1.0 contact hours. P.A.C.E.® Course #: 288-304-23
- Instructions for obtaining P.A.C.E.® credit through CDC TRAIN will be provided during the webinar.

## Disclosure

*CDC, our planners, and our presenters wish to disclose they have no financial interests or other relationships with the manufacturers of commercial products, suppliers of commercial services, or commercial supporters.*
