

## **CDC OneLab Summit Event: Is it Magic or Simply a Great Biosafety Plan?**

### **Presenter**

**Erin Bowles, BS, MLS(ASCP)**

Wisconsin Clinical Laboratory Network Outreach Coordinator

Wisconsin State Laboratory of Hygiene, Communicable Disease Division

University of Wisconsin-Madison, School of Medicine and Public Health

## **Join Us!**

**Thursday, April 18, 2024, from 2:30-3:30 PM ET**

Connect virtually by Zoom or telephone!

OneLab Summit invites you to join us for the upcoming virtual event:  
**Is it Magic or Simply a Great Biosafety Plan?**

Laboratories often don't realize the value of developing a laboratory-specific biosafety plan. They frequently have many components of a biosafety plan in place but lack the time to gather the pieces together into a comprehensive adaptable biosafety plan. A comprehensive biosafety plan can guide the laboratory in safely handling the current pathogens they routinely work with and any emerging or re-emerging pathogens. This session will detail the components and show the magic of a great biosafety plan.

### **Each OneLab Summit Presentation Includes:**

- CDC OneLab™ relevant resources and opening remarks (5 minutes)
- Presentation (40 minutes)
- Q&A (10 minutes)

## Objectives

After completing this training, participants will be able to:

- Summarize the components of a comprehensive biosafety plan.
- Explain how a comprehensive biosafety plan serves as the backbone for developing a strong biosafety culture.
- Discuss how you can use and, if needed, adapt your biosafety plan to prepare to safely handle an emerging or re-emerging pathogen.

## Registration and Access Requirements

- Please register for this event at [cdc.zoomgov.com](https://cdc.zoomgov.com).
- We will be using Zoom for this session. To participate in this network event, you will need a computer/mobile/smart device with internet access and speakers or headphones to hear the audio. To test your system, visit <https://zoom.us/test>.
- Closed caption information will be available during the webinar.
- If you need assistance with registration, please email [OneLab@cdc.gov](mailto:OneLab@cdc.gov).

## Who Should Attend?

- This intermediate-level webinar is for clinical laboratory professionals.

## What is the Level of Instruction?

- Intermediate

### Professional Acknowledgement for Continuing Education (P.A.C.E.®)

- The Centers for Disease Control and Prevention, Division of Laboratory Systems, is approved as a provider of continuing education programs in the clinical laboratory sciences by the ASCLS P.A.C.E.® Program.
- This course is approved for 1.0 contact hours. P.A.C.E.® Course #: 288-503-24
- Instructions for obtaining P.A.C.E.® credit through OneLab REACH will be provided during the webinar.

## Disclosure

*CDC, our planners, and our presenters wish to disclose they have no financial interests or other relationships with the manufacturers of commercial products, suppliers of commercial services, or commercial supporters.*
