

How to Receive P.A.C.E.®

Contact Hours for LabTrainingVR: Biosafety Cabinet Edition

To earn P.A.C.E.® contact hours you will need to register for the course on reach.cdc.gov, then successfully complete all VR content, enter the PIN number, and provide feedback in the course evaluation.

If you haven't downloaded and installed LabTrainingVR: Biosafety Cabinet Edition please download it from one of these links: [Meta Quest Store](#) | [HTC Vive on STEAM](#)

Follow these instructions for registering for “OneLabVR: Biosafety Cabinet Edition” on OneLab REACH:

- 1 Go to [OneLab REACH | OneLab REACH \(cdc.gov\)](https://reach.cdc.gov) and if you don't already have an account, register for one.

Q Create OneLab REACH™ Account | Log in

- 2 Click on “Training” in the top navigation bar

- 3 Scroll down until you see “LabTrainingVR: Biosafety Cabinet Edition” and click on the title.

- 4 On the course detail page, click on “Launch Course” to begin the course.

How to Receive P.A.C.E.[®] Contact Hours for LabTrainingVR: Biosafety Cabinet Edition

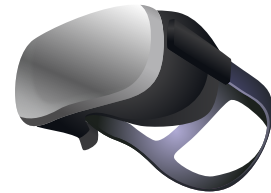

5 Select PACE credits in the popup message

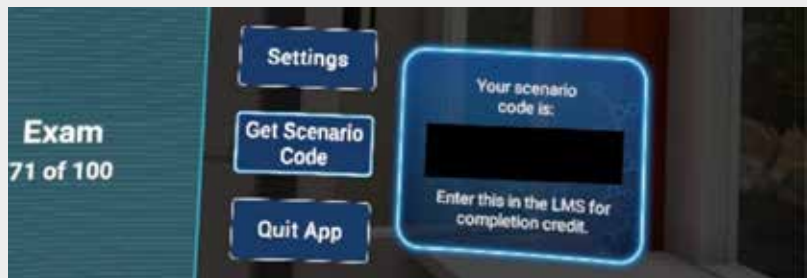

6 When the course launches, if you have not already downloaded and installed the VR application on your headset, select the appropriate button.

7 Put your VR headset on and take and complete the course.

8 When you complete the course and score a combined 70% on both exams, click "Get Scenario Code" and make note of the Scenario Code shown at the end of the course in the headset.

9 Remove the headset and go back in your browser course and click on the "Next Page" button shown below the course under the arrow.

10 The next page will show a single multiple choice question. Select the Scenario Code that was provided to you at the end of the VR course as the answer and select "Next" to mark the course as complete and receive credit.
