

## CDC OneLab Network Event:

### Regulatory Updates and Resources for Packing and Shipping Dangerous Goods Trainers

## Presenters

#### **Alicia Branch, PhD**

Health Scientist (Safety Specialist),  
CDC/ OLSR/ Division of Laboratory Systems

#### **Isaiah Hurtado, MS, MCHES**

Health Education Specialist,  
CDC/ OLSR/ Division of Laboratory Systems

## Join Us!

Wednesday, July 23, from 12:00 p.m. - 1:00 p.m. ET  
Connect virtually by Teams Webinar or telephone!

**OneLab™ invites you to join us for upcoming virtual event:**

### **Regulatory Updates and Resources for Packing and Shipping Dangerous Goods Trainers**

Are you responsible for packing and shipping Division 6.2 Infectious Substances and dry ice, or training others to do so? Join us for an engaging session focused on Division 6.2 Infectious Substances and dry ice, emphasizing compliance, training qualifications, and the necessary steps to access CDC Division 6.2 Infectious Substances and Dry Ice training materials, along with the International Air Transport Association (IATA) 2025 regulatory updates. This session is vital for individuals who have participated in a CDC Packing and Shipping Training of Trainer cohort or are a laboratory safety officer, laboratory trainer, or are interested in becoming an instructor in packing and shipping Division 6.2 Infectious Substances and dry ice.

#### **Each OneLab Network Presentation includes:**

OneLab Network Updates and New and Relevant Resources (10 minutes)  
Presentation (40 minutes)  
Q&A Session (10 minutes)

## Objectives

After completing this training, participants will be able to:

- Identify educational and other resources available through the OneLab Network.
- Examine the regulatory requirements for qualifying as a packing and shipping dangerous goods instructor.
- Identify the steps necessary to acquire the CDC Packing and Shipping Division 6.2 Infectious Substances and Dry Ice training materials.
- Recall the 2025 International Air Transport Association (IATA) Dangerous Goods Regulations updates for packing and shipping Division 6.2 Infectious Substances and dry ice.

## Registration and Access Requirements

- Please register for the [CDC OneLab Network Event](#).
- We will be using Teams Webinar for this session. To participate in this network event, you will need a computer/mobile/smart device with internet access and speakers or headphones to hear the audio.
- Closed caption information will be available during the webinar.
- If you need assistance with registration, please email [OneLab@cdc.gov](mailto:OneLab@cdc.gov)

## Who Should Attend?

- This session is primarily for individuals who have participated in a CDC Packing and Shipping Training of Trainer cohort or are a laboratory safety officer, laboratory trainer, or are interested in becoming an instructor in packing and shipping Division 6.2 Infectious Substances and dry ice.

## What is the Level of Instruction?

- Basic

## Professional Acknowledgment for Continuing Education (P.A.C.E.®)

- The Centers for Disease Control and Prevention, Division of Laboratory Systems is approved as a provider of continuing education programs in the clinical laboratory sciences by the ASCLS P.A.C.E.® Program.
- This course is approved for 1.0 contact hour. P.A.C.E.® Course #: 288-302-25
- Instructions for obtaining P.A.C.E.® credit through OneLab REACH™ will be provided during the webinar.

## Disclosure

*Subject matter experts and presenters wish to disclose they have no conflict of interest or other relationships with the manufacturers of commercial products, suppliers of commercial services, commercial supporters or other organizations related to the course.*
